I agree to the following:

1. I am aware that if my dog/cat does not respond to the groomer and remain still for the duration of the grooming procedure, accidents may happen such as nicks from clippers, scissors, nail trimmers.
2. Customers assumes all liabilities, financial and otherwise, for the behaviour and health of pet.
3. Customer will advise the groomer, prior to groom, if there are any; allergies, sensitivities, or pre- existing medical conditions so the groomer can take precautions to avoid aggravating the existing issue.
4. If your pet is brought in with fleas/ticks, the procedure the groomer deems necessary will be completed to ensure safety to your dog as well as the safety of all dogs on premises at the time of the groom. There may be side affects and hold neither 'The Doggo's', its owner, nor any employees liable or responsible for use or any harm caused as a result thereof, whether by negligence or otherwise. I also understand that this treatment is not guaranteed to be 100% effective, and that there may be extra charges that apply to said treatments. As far as I am aware, my pet does not have flea and/or ticks.
5. If your dog is brought in with a matted coated, the groomer will decide whether he/she will be able to de-mat the pet, which will result in additional cost. The groomer will not place any undue stress or pain on the pet and may deem it necessary to shave down the pet with a #10 blade. I also understand that blade burn may be a side affect of this shave down process. In severe cases hematomas may be a result of shaving down and I acknowledge that this will require a professional vet visit.
6. If you are late for your appointment, please call at the earliest convenience. we allow 30 mins from the booked time of your groom for you to show up. If we have not received a call, or you are not present 30 minutes after your booked groom time starts, we reserve

the right to cancel without notice. If this is a reoccurring issue a fee of \$35 will be added to your next groom.

7. If your pet is not cooperative during the groom and is posing a safety threat on either itself or the groomer (biting, thrashing, panic attack, ect..), please understand that the groomer will be unable to finish the groom, however we will reschedule at a later date to finish the groom to uphold our promise that you leave The Doggo's satisfied.

I have read and understand The Doggo's Grooming contract.
